Administration of MakoCreate's Child Protection & Safeguarding Policy

MakoCreate's Child Protection & Safeguarding Policy establishes the roles and responsibilities of everyone who works for MakoCreate with regards to the protection of children and young people with whom their work brings them into contact.

To make sure that the policy is fully understood and followed, MakoCreate carry out the following procedures.

- All MakoCreate staff, freelancers and volunteers must sign an agreement to state that they have read and fully understand the Child Protection & Safeguarding Policy. This agreement is updated yearly to confirm understanding of policy
- Regular checking of workshops and evaluation to insure that all procedures are being followed.
- Any incidents reported will become top priority for The Child Protection Officer to report to the relevant authorities
